COLE'S

SPRING 1938 PRICE LIST

The COLE NURSERY Co.
PAINESVILLE, OHIO

Ordinary Japanese Barberry

New Truehedge Columnnberry

Truehedge is Better

USE THIS MODERN PLANT

TRUEHEDGE GUARANTEE

Cole guarantees that Truehedge Columnnberry plants sold by Cole at prices listed herein will create a formal hedge of height desired AT LESS COST AND MORE QUICKLY than with plants of Japanese Barberry twice as large under same conditions (*See note below).

To cover this guarantee we will supply sufficient plants (Absolutely Free) for a hedge of the same length, your selection from Japanese Barberry or 3 kinds of Privet.

THE COLE NURSERY COMPANY, PAINESVILLE, OHIO

Note: A fair comparison using transplanted stock would be—

Truehedge 9 to 12" size with Japanese Barberry 18 to 24"

Truehedge 12 to 15" size with Japanese Barberry 24 to 30"

Labor to be figured at ordinary rates.

COUNT OF TWENTY PERCENT.**

Ornamental Trees

The size immediately following the description indicates approximate height at maturity.

LARGE B & B SHADE TREES

We are specialists in balling and handling large shade trees up to 8" caliper. We recently moved over 150 truck loads of this material in full leaf to the Great Lakes Exposition grounds in Cleveland with the loss of only 3 trees. We would be pleased to quote prices for your requirements on request.

TWO NEW BUDDLEIAS Worthy of Consideration

Buddleia Fortune. Plant Patent No. 206.

A low, compact, neat growing Buddleia, with shoots developing at the base of the plant and terminating in flower panicles 12 to 18 inches long. Each panicle is perfectly rounded and in bloom all at once from base to tip. Flowers are of a clear and true lavender-blue. They last in water from 3 to 5 days after cutting. Buddleia Fortune is an excellent plant for the flower border as well as the shrub border. It remains in bloom until stopped by freezing.

	Unit Price in Quantities		
	1-4	5-24	25-249
2 years, field grown-----	\$.60	\$.45	\$.37

Buddleia Hartwegi.

A beautiful plant with extra heavy, rich, dark green foliage. The large, bright lavender flower panicles have remarkable substance, with individual flowers closely set on the panicles, imparting a compact and pleasing appearance. The tip flowers open before the base flowers have faded, and do not "sunburn" as do some of the older Buddleias. Hartwegi is a very useful and beautiful ornamental lawn specimen or cut flower plant.

	Unit Price in Quantities		
	1-4	5-24	25-249
2 years, field grown-----	\$.60	\$.45	\$.37

BUDDLEIA—*alternifolia*. New. 6'

A sensational introduction. Unlike all other "Butterfly Bushes" this variety is *Hardy* and does not freeze down in the winter.—Charming lilac-purple flowers borne on long arching branches. Profuse in flower throughout the summer. Beautifully distinct foliage.

ELSHOLTZIA—stauntoni				
2 years	.60	.55	.48	

The next size in each instance represents practically one year's growth. Would you put your planting behind one year for such a small saving? We recommend the larger grades.

PINUS—Continued

The late Mr. Ernest H. (Chinese) Wilson of Arnold Arboretum (One of Americas greatest and most beloved Plantsman) said to us—

“Your CHINESE PINE
is the scarce TRUE variety practically unknown in America.
It is one of the most choice Pines. I am glad you have such a
marvelous planting to distribute to the American public. When
better known, Chinese Pine will be heavily planted in our coun-
try.”

sinensis. Chinese Pine—60'. A beautiful
compact growing variety; glossy deep green foliage.

When fertility weakens, evergreens quickly become thin and poor color. Coles have kept their soils in fertile condition and their evergreens are bright and colorful.

ROOT-PRUNING

During these lean years one has been apt to neglect many important duties. Root-pruning of Evergreens is most necessary yet not immediately apparent if neglected.

Cole has a regular schedule for Root-pruning—In fact, the majority of our Evergreens are Root-pruned at least every two years.

Depression spoiled evergreens in huge quantities are available throughout the country at the buyer's price, NONE are available at Coles. Ours are dense and shapely, they are root-pruned, and they are properly spaced to give light and air on all sides. We will be happy to have you visit us and inspect our plant.

	Joyous Cavalier. Red. Very free bloomer -----	.60	.50	.45

NORTHERN GROWN ROSES

Our trade recognizes the uniform quality, hardiness, and "trueness to name" of Cole's Painesville Grown roses. We have guarded this reputation zealously and have gone to no end of labor to see that we had an ample crop for our regular customers in the face, many times, of adverse economic, trade, and weather conditions. Again this year we have a good holding of these quality plants for our trade unmixed with Southern grown stock.

We hope you will bear in mind the conditions herein mentioned when selecting your source of supply.

Our list is quite complete in this class of material, but the demand is so varied and the range so vast that we cannot grow all known hardy perennials. We can, because of our connections with collectors and growers throughout the land, supply practically any and all plants needed for landscape planting.

Let us have your list of wants.

NEW KOREAN CHRYSANTHEMUMS

Without question the greatest new creation in the perennial world. Korean Chrysanthemums are perfectly hardy—a requisite for satisfaction lacking in the old types; they are easier to grow and are more profuse in blooming. The lovely pastel shades defy description. Wonderful for table decoration and compelling for color effect in the garden.

TERMS AND CONDITIONS

RESPONSIBILITY

We **guarantee** that every tree leaving our nursery is in the best condition obtainable by scientific care and handling. If correctly planted in suitable location, and given adequate attention thereafter, it will live. As we obviously have no control over the treatment our trees receive after leaving our hands, we do not guarantee that they will live.

TERMS

5% OFF FOR CASH before shipment on purchases at prices listed herein. Be certain to add enough extra to cover packing. This will eliminate C. O. D. costs. Over-payments will be returned promptly.

To parties having satisfactory credit arrangement or account with us, 2% 10 days, 30 days net.

No claims for rejections or deficiencies will be entertained unless made within 10 days after arrival of goods.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE

DELIVERIES

Deliveries can be made by express, freight, or motor truck. Car load shipments can be made from our siding on the Nickel Plate Railroad. During the planting season we are making daily deliveries to the Northern Ohio area. Also frequent deliveries to other cities within a 500 mile radius of Painesville. Charges are reasonable.

LOCATION

The Cole Nursery Company is located in the city limits of Painesville, Ohio, 27 miles east of Cleveland on U. S. Route 20.

PLANT PATENT NOTICE — PROPAGATION RIGHTS RESERVED

The Truehedge Columnberry is protected by Plant Patent No. 110 under the U. S. Patent Laws. Asexual reproduction or disposition by sale, gift or otherwise, of scions, buds, or cuttings for such reproduction is prohibited unless license is previously obtained from the patent owners. Unauthorized reproduction, sale, or distribution of propagation material of this plant will subject the one engaging in the same to prosecution for infringement. For resale at Retail Only except under license from the patent owners.

The above conditions also apply to all other patented plants which we sell.
